in the trout streams on the line of the S. F. & ailroad in the beautiful Sonoma Valley region.

with less than a five-inch bar it contains as much powder as wi the noise and recoil is much less.

Actual tests have proven that at yards the 44 calibre 8-inch barrel Colt' ly the same penetrating power as the rifle. They both use the same cartri distance either will kill almost anythi a rhinoceros, or a professional politici question of having a sufficiently steady rightly.

Officer Fennel lately exchanged his & Wesson, 4½-inch barrel, and says t ing to look somewhat different from h

Foley who won first place on Tobi & Wesson 5-inch barrel. It is a fine p to appreciate it.
